ANGELO ESMERALDA

SKILLS

Languages: C#, Java, JavaScript, Python, C++, MySQL.

Frameworks: Unity, NextJS

EXPERIENCE

SOFTWARE ENGINEER INTERN – WE2LINK

August 2022 - Present

Worked on a web development project 'Want2Remember' which was mainly about migrating the original mobile application to web application using ReactJS and Firebase. We used Jira for our workflow with scrum, slack to communicate, Git and GitHub for version control.

PROJECTS

Architome

- A dungeon crawler game I've been working on since Fall 2021 using the Unity game engine.
- Micromanage 5 entities, random map generation, real time stat recording, serialization system, and game AI such as sensors, threat manager, ability handling.

Personal Website

- Created with NextJS. A full stack JavaScript framework.
- Admin features to add, edit, and remove content which are stored on MongoDB. The content includes programming project documentations and 'about me' files.

EDUCATION

CALIFORNIA STATE UNIVERSITY, LOS ANGELES

Graduating with a bachelor's degree in computer science on Spring 2023.

Currently at a 3.5 GPA.

- Dean's List 2021.

COMPUTER SKILLS

Proficient in Microsoft Word, Excel, PowerPoint, Adobe Photoshop, After Effects, Premiere Pro, Unity, Eclipse, Visual Studios, and VS Code.
